NICDC LOGISTICS DATA SERVICES LIMITED
Job description for the post of "Manager - Technical (IT)"

COMPANY PROFILE

NICDC Logistics Data Services Limited was incorporated on 30th December 2015 as a joint venture company between National Industrial Corridor Development and Implementation Trust (NICDIT) (formerly known as DMIC Trust) & NEC Corporation Japan with 50% equity from both parties.

The objective is to provide the Export-Import Container visibility service across India along with comparative performance metrics for all Logistics Container Operators to enable the users in taking informed decisions.

The flagship product of the company "Logistics Databank System (LDB System)" would be an overarching solution that will integrate the information available with various agencies across the supply chain to provide detailed real time information within a single window.

The company's vision is to reduce the overall lead time of the container movement by streamlining the operations and help in reducing the transaction cost for the Government of India as a result of predictability & optimization achieved through the system.
